Details

Planetary reducer for all Jimny models 1998-2004.

It reduces the LOW ratio by 60% and can be placed individually.

When combined with a HIGH reduction kit then the resulting reduction is respectively:

$$7.3 + 60 = 67.3\%$$

$$15.3 + 60 = 75.3\%$$

$$24 + 60 = 84\%$$

All components are made of special steels and have all been through the necessary heat treatments in order to achieve the highest possible performance and durability.
